

THOMAS DENIES HE IS BRIDEGROOM—YET

But He Won't Say He Isn't Going to Wed Mrs. Sackett, and Promises to Tell All To-Day.

PALM BEACH, Fla., March 2.—Denying that he had married Mrs. Marie Sackett, but refusing to deny they are engaged and are to wed, Leonard M. Thomas of New York promised a statement to-day "for the sake of all concerned." This has heightened the mystery that has surrounded reports of

the wedding, which was rumored to be set for yesterday. Mrs. Sackett could not be located, though she was known to be in Palm Beach. Mr. and Mrs. E. T. Stinesbury of Philadelphia, at whose winter home the ceremony was reported probable, said they knew nothing about the wedding.

Roger Bresnahan Divorced. TOLEDO, O., March 2.—Common Pleas Judge Johnson yesterday granted a decree of absolute divorce to Mrs. Adaleen H. Bresnahan from Roger P. Bresnahan, former major league player and now President of the Toledo Baseball Club. In addition Mrs. Bresnahan was granted \$10,000 alimony and \$500 attorney fees.

AUTO BURNED; USED BY WHITMAN AID

Stolen Car Impressed to Serve Summons, Says Driver—Blaze Caused by Backfire.

A blaze caused by backfire destroyed a seven-passenger touring car on Williamsbridge Road and Lydie Avenue, Bronx, early to-day. The car was driven by Arthur H. Davis of No. 2564 Webster Avenue, a former city detective and now an assistant to Frederick Grosh, who is engaged in the Whitman inquiry. Davis said he was on his way to White Plains to serve a summons on a witness,

who is to appear before the Whitman investigating body, when the touring car caught fire. Firemen were called out, but were unable to extinguish the blaze before the machine had been destroyed. The automobile, Davis told Lieut. Fardon of the Westchester Station, had been stolen from Charles Kirschbaum of Broadway and 15th street. Through his connection with the Whitman body, he said, he was privileged to use the machine on official business.

Baby Should Have a Crib Built for Sleep

GETTING a suitable Crib for Baby these days is very much easier than it used to be—with *Simmons Cribs* of the new designs now at your disposal.

In fact, these new cribs built for sleep had hardly been announced before hundreds of the cribs "used by all the rest of the children" were discarded in favor of the new *Simmons Cribs*.

Beds built for sleep is the great *Simmons* principle. It means beds firm, steady, noiseless—free from the slightest suspicion of the creak, rattle, jar of old-style metal or wooden beds.

It is only when your bed is perfectly quiet that your nerves completely relax and you sink into a deep, natural sleep. Even more important for Baby than it is for you!

SIMMONS METAL CRIB, Design 290, is one of the fine *Cribs built for sleep* by *Simmons Company*. Parts fitted as snugly and noiselessly as those of a *Simmons Bed*. Drop side, affording easy access and perfect protection against falling. Finished in smooth, satiny White, Decorative Colors and Hardwood effects.
